In the height of your
 frailty in swearing to all you know
 about sustaining matters, & it is ~~sure~~ you have failed,
 you are no more than a common, base, that is
 known to all, you led young men in two
 things they perhaps never would have heard
 of. Take heed before you go to far. If you
 swear a lie which you have all ready done
 & several of them, it will only be ~~make~~ worse for
 you, think of appearing before God at the judg-
 ment bar, with a lie on your mouth.
 Hell is your portion if the bible be true & that is
 a sealed fact. Now sir I don't belong to your
 party but I will give you some advice, you
 have exposed your neighbors to your heart con-
 tent - what for Canadian Canadian you
Canadianly dog go home & quite exposing your neigh-
 bor. For you don't do it from principle. The scripture
 says "Love thy neighbor as thy self" But you that
 another view of the fact. you don't tell these things
 on account of your good fabrication, no sir, you
 expect to clear your own bloody sins, you
 dirtyascal. you was asked why you liked
 to whip poor negroes so well, you responded,
 I could kill the damned black ascal, Now sir
 you are in a close box, & you expect to swear
 out. I will tell you & you may depend on what
 I say, you may count on gaining the Britishers

I expect to see to it my self, our country
is in a bad fix, such men as you caused it
to be every thing that comes along. And I have no
doubt but what you went into the K. K. K. with
little or no persuasion, and you made good
use of your time. Beats blasted and desires
to murder. But now you are the other way.
Puke Puke Puke, you look like you had
him sent for & couldn't go, or in other words
like a street accident.

I am not done yet, I expect to carry you
through & put you smack in the Penitentiary
where you belong you may not know me,
but will find me out before I get done
with you. you low life scamp, you are
like a great many other blits, trying to get
clean of it, you go to a great many places
to put, you low life dog. Like a dog telling
on your friends & school mates that you have
played with so often, you low down shitten
scamp. think of it - him. A man that will
do this way by his fellow man, will steal
a sheep from a poor blind negro & lick
the butter off his biscuits. you two
faced devil be ashamed that you was
ever born, now if you desire your friends
to go with you, tell on them. But if you
desire the prosperity of our country you should
keep quiet. Go to town & see John Dyerlett
over

and report again. you know it so well
you certainly can sleep by studying about
it. you will joyed put shake off the
beats again. I refuse to write more
to such a man. Wait patiently till I get
ready for you. Penitentiary Conbit.
you have done more to damage the coun-
try by your hellish crimes than any other
man.

you said you did not expect
to vote for the Democratic party - any more
The true Republican party don't want
you (Go to the Negroes & dogs).
